

Workshop Rotation Model

In this fast paced, quick fix world, our hearts long for a solid foundation of faith from which to reach out to the world.

Cornerstones gives you the tools to build that solid foundation. We provide an extensive curriculum for the congregations engaging in the **Workshop Rotation Model**. This model encourages congregations to slow down and study one story a month in different ways each week.

Adults are invited to teach for *one month at a time*. Different adults are invited to be **shepherds** for the children and develop the relational aspects of faith formation.

The **children** move, week to week, with their shepherd to hear, taste, touch and smell the biblical story. The *authentic connections* made between the teacher and children are amazing and transformational.

Retention skyrockets, kids are clamoring to come to church, and adults are invited to participate in ways that connect to everyday life!

Cornerstones can provide a **rock solid foundation** for your Faith Formation program.

There over **600 different lessons** that you can use to help pass the faith on to the next generation

60 different stories of faith

11 different lessons per story

www.cstones.com

Our website is filled with Rotation Samples, lesson overviews, and even a full **FREE UNIT** – The Jesse Tree, Jesus genealogy.

Our **disc based** curriculum allows you to select not only the stories you want to explore but the lessons you want to use. No other curriculum gives you such great **flexibility** or **cost effectiveness**.

CORNERSTONES

Video Live!

Create your own videos instead of watching them. Very Fun!

Puppetry

Experience and interpret the Bible story safely hidden behind the stage.

Bible Improv

Learn the story by becoming the story through dramatic interpretation.

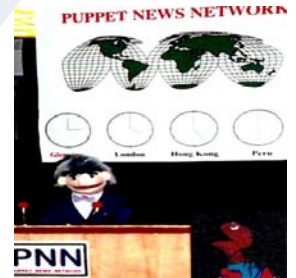

Cornerstones provides 11 different kinds of lessons for each of our 60 Bible stories!

This wide variety of hands-on curriculum allows you to

- recognize the variety of gifts of the Spirit given to each person
- invite adults to participate using their gifts and talents for a short term commitment
- reach each child's individual area of intelligence

Go to www.cstones.com to learn about the more than 600 different lessons and program options we have.

Faith Today

Connect to current events and daily life.

Where in the World Is?

Experience the geography of the Bible story or learn where it is happening today.
